

A wide-angle photograph of a grand, multi-story building constructed from light-colored stone, possibly sandstone or limestone. The architecture is highly detailed, featuring a series of gables, turrets, and arched windows. The central entrance is prominent, with a large arched doorway and a balcony above it. The building is surrounded by greenery, including lawns and shrubs, and is set against a clear blue sky. The overall impression is one of a well-maintained, historic institution.
